

## HCP/COP22 Special Event

### « Statistical approaches to measure Environment and Climate Change Impacts »

Sunday 16 July 2017, from 09:30 to 13:30, Palais des Congrès, Auditorium A.-1.02

This special event is organized jointly by the High Commission for Planning (HCP) and the Moroccan Presidency of the 22<sup>nd</sup> Conference of the Parties (COP22).

The purpose of the event is to discuss issues pertaining to statistical measurement and quantification of environmental variables related to sustainable management of natural resources, climate change impacts, and risks of natural disasters.

The conference will also deal with capacity building of developing countries -especially African ones- to better collect, analyze, and disseminate environmental statistics; and integrate them into their national statistical systems.

#### Opening ceremony co-chaired by:

- H.E. Ahmed Lahlimi Alami, High Commissioner for Planning (Morocco).
- H.E. Salaheddine Mezouar, Moroccan President of COP 22
- Mr Ronald Jansen, Vice-Director -United Nations Statistics Division.

**Discussion Panel moderated by Mr Abdelouahed Fikrat**, Secretary-General of the Ministry of Energy, Mining, and Sustainable Development; Rabat, Morocco.
